### Cancellation and Rescheduling Policy

---

Tests cannot be cancelled or rescheduled by test candidates. Once booked, the appointment for the test is final, and the associated fees are not refundable for any reason.

It is the responsibility of the candidate to arrive on time for their scheduled appointment. Failure to arrive, or failure to arrive on time, for a scheduled test appointment will be considered as a candidate-initiated cancellation, and all prepaid test fees will be forfeited/lost.

Test candidates will not be permitted to sit the test if they fail to produce acceptable ID upon arrival and the test fee will be forfeited/lost. See the Test Day Instructions page for a list of acceptable ID options.

Candidates must adhere to the Candidate Protocol. Misconduct will prompt a cancellation and fee loss for that candidate. A test centre invigilator can cancel or terminate a test due to misconduct because of cheating, using unauthorized materials, removing tests, impersonation, disturbances, etc. See the Candidate Protocol for details.
