24th September 2022

Respected Visa officer,

Re: Letter of Invitation for my Mother in law (Vijayabehen Dhiren Patel)

This letter is to support the Temporary resident visitor visa application of my mother in law Vijayabehen Dhiren Patel (born 17th March 1974) currently living at 29 Matru bungalows Society, Near Madhav mall, Thakkarbapa nagar road, Bapunagar, Gujarat, India 382350. Her Contact number is +919722278822

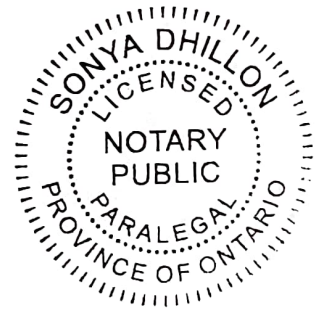

Purpose of the trip for Vijayabehen Dhiren Patel will be taking care of her daughter during Pregnancy and help her during birth of our second baby.

I came to the Canada on **12th August 2009**, After immigrate to the Canada and settle down , I went back to the India to get married with my Spouse **Ripalben Parthkumar Sitapara (born 14th August, 1994)** my Spouse immigrate to the Canada on **15th May 2016**. After our happily married life we blessed with baby boy (**Hridaan Parthkumar Sitapara**) on **18th August, 2020**.

With God grace my wife Ripalben Parthkumar Sitapara is pregnant second time. She is 7 month pregnant now. We are expecting our baby in **January 2023**. My wife is taking care of our son full time and I am working as a full time truck driver we do not have any help of parents to take care of my wife and son during pregnancy and at the time of birth. If my Mother in law can visit us during birth of our second baby then it would be very helpful for us. Also our son is now 25 months old now if my Mother in law will be here at the time then they can look after him while my wife will be in hospital. I am attaching here proof of pregnancy for your reference.

Since this long time even my Mother in law never got chance to visit her grandson and her daughter in Canada. During this emotional moment of birth of our second baby she can spend some time with us and can help us when my wife will not able to look after my son because she will need to rest after giving birth for at least 15 days.

My father in law Dhiren Mayabhai Patel will take care of their kids during this time when my mother in law will be here in Canada to look after her Daughter during child birth. My parent in law has very strong ties with their home country India. They own home, car and land in India. They have two sons and they are living with them and they are not married yet. Younger son is 17 year old and he is still doing study so he is directly dependant to my parents in law. Their daughter is married in India and living with her husband and she visits her parents frequently. My parent in law has farming land in India and they do take care of farming as full time business. Their family is living in India and they do get

together frequently in festivals and social occasions. Only elder daughter (Ripalben Parthkumar Sitapara) is married in Canada with me so this is the only reason to visit Canada for her. I am attaching here all relevant documents to prove their ties to home country.

Me and my spouse also responsible citizen of Canada and giving surety that mother in law will not do overstay during her visit to Canada and go back to Home County as per her travel itinerary.

She is intending to stay with us at our home **87 Monarchwoods Drive, Kitchener, ON N2P0K1**. She is **planning to stay in Canada for two months from 15th January 2023 to 15th March, 2023**. During the visit she will stay most of time at our home and will not go out to much to visit the tourist places because her purpose of trip is mostly to take care of my wife and son. After birth of our baby I will take her out to see some famous Tourist destination like Niagara fall, CN tower and Toronto downtown as it is one day trip from the city where we live. **During her stay all living and food expenses will be covered by us**. I will attach all financial supporting documents here.

We will be family of 5 including my son and expecting baby, my spouse and mother in law at our home. I own this house; I am working as a full time Owner operator truck driver in **McArthur Express** located in Cambridge, ON.

I and my wife both are Canadian citizens. I will attach all relevant documents of our status here in Canada with all other supporting document like Job letter, Bank balance certificate and Notice of assessment for Tax return.

My full name: Parthkumar Gordhanbhai Sitapara.
