ED Provider Notes

Sam Patrick Lambert at 23/8/2024 22:09

Status: Signed

Nehaben Kaswala is a 29 y.o. female presenting to ED with

Chief Complaint

Patient presents with

- Vomiting and / or Nausea

Triage note reviewed:

Triage Note at 23/8/2024 20:57

Per husband pt is 13 wks pregnant

With N/V during pregnancy

Admitted x 1 wk for hyperemesis

Dx today with home care visits

Was told to come to ED 2 IV access for her tx

No abd cramping

No vaginal bleeding

G3P0M2

To triage per w/c

Looks tired

HPI

Patient is 13-week pregnant

Nausea and vomiting during pregnancy

Admitted for 1 week for hyperemesis

Was supposed to get home visit starting today

Was told to come to IV to get IV access for treatment

No cramping

No vaginal bleeding

G3P0A2

Patient looks unwell

After discussion with charge nurse and patient to the was determined that patient was declined home care service today because she did not have 2 lines for access

She is to get metoclopramide and KCl

Could not get it because of the 2 separate lines

Discharge Instructions

Sam Patrick Lambert at 24/8/2024 0:05

As we discussed I felt with the homecare form again. Hopefully they can complete the orders as previously ordered. I also message to her OB so that they are aware. If you cannot get your morning dose please come back to the emergency department for assessment. If you have any new or concerning symptoms you can was come back for assessment.
