Subject: Reapplication for Visitor Visa for Parents

Primary Applicant – Family Member Representative – Mahipatram Dhanshankar Pancholi

Respected Visa Officer,

I am writing to reapply for a visitor visa for my parents, Mahipatram Dhanshankar Pancholi and Ritaben Mahipatram Pancholi, following the recent refusal of their visa application. I appreciate the opportunity to address the concerns raised and provide further clarification on their intention to visit Canada.

I understand that the previous refusal was due to concerns regarding their financial situation and the purpose of visit. I assure you that my parents have strong ties to India and fully intend to return before the expiration of their authorized stay. Furthermore, I would like to address the financial aspect by providing additional evidence to demonstrate their financial stability and ability to support themselves during their visit to Canada.

Purpose of Visit:

My parents' primary purpose of visiting Canada is to spend quality time with me and my husband. They have planned to visit us as they didn't see us since long time and also, we have a special occasion that is our 8th wedding anniversary coming up on February 28th, 2024, to celebrate together and create lasting memories with each other. I also believe that it is always a great moment for us and our parents as we are going to see each other after almost three years. Beyond the anniversary celebration, we also aim to spend some precious time of our lives together. Building and maintaining family bond is of utmost importance to us, and this visit will provide an opportunity for us to strengthen our family ties.

During their few days stay, we have planned to make their visit memorable considering our visit to Toronto City, Niagara Falls and some local site seeing. My

parents want to utilize their most of the time with us at home as they have limited period to stay. Their visit to Canada during this period is solely for family-related and celebratory purposes, and they have no intention of overstaying or violating any Canadian laws or regulations. They understand the importance of complying with the terms of their visitor visa and will return to their home country as scheduled.

Stay and Accommodation:

During their four weeks of stay from February 19th to March 17th, 2024 in Canada, my parents will be residing at my residence, which is located at 160 Lindylou Road, North York, Ontario M9M 2B7. Me and my husband will be responsible for their accommodation, meals, and other expenses throughout their visit as both of us work a full-time, permanent job.

Reason for Returning to India:

My parents have deep-rooted ties to India, including familial, social, and professional connections. My father is a retired Electrician and was working as a Utility Supervisor for Angiplast Private Limited for the last 9 years. My parents are living in an extended family in my home country including my brother, who is working in the central government sector, sister-in-law, niece, uncle, and aunt. They all are financially and socially well-established and have been staying in their own house for the past 30 years. My parents are also taking care of their grandchild, who is 10 years old and loves to be with her and spending most of their time with the family members and celebrating all the festivals together. My father is also actively associated with community enhanced activities for the youth. Because of owning all these family and social responsibilities back home, my parents will not overstay during their visit to Canada and return to their home country as per their travel itinerary.

Financial Establishment:

To address the concerns regarding their financial situation, I am enclosing updated bank balance certificate, letter of investment amount in the Department Of India Post of my parents, demonstrating their financial stability and ability to support themselves during their visit. Additionally, I am also providing an employment and bank balance letters wherein I, along with my spouse undertake full financial

responsibility for any expenses they may incur during their stay in Canada. I have total of CAD 19,090 in my CIBC bank account to support their stay here in Canada.

My father has worked over 32 years in his professional career and had retired a couple of years back from his last work assignment to look after his family. During his work tenure, he has saved enough amount of money to take care of him and his family back home. My father has approximately CAD 14,225 in his bank account and CAD 18,550 in India Post Saving Account. My parents are retired and their entire social and familial network, including their property ownership and community involvement, is based in India. Additionally, my parents have provided documentation demonstrating their ongoing commitments in India, including property ownership documents, bank statements, and Post Saving documents which will help you to make a fair report about their application.

In conclusion, I respectfully request you to reconsider my parents' application for a visitor visa to Canada. I am confident that with the additional documentation provided, their genuine intention to visit Canada for the specified period and return to India thereafter has been adequately demonstrated.

Thank you for considering this application. Should you require any further information or clarification, please do not hesitate to contact me.

Sincerely,

Name – Maulika Krunal Pandya

Spouse Name – Krunal Narendrabhai Pandya
